

## **REQUEST FOR QUOTATION**

### **Supply and Install of Robotic Medication Dispenser**

**Background-** Community Pharmacy is changing inexorably with an aging population. Customer demand for prescriptions have tripled in the area over the last few years.

Community Pharmacy has been poorly remunerated for the medicine dispensing process whilst NHS and government require community pharmacy to carry out more services.

To this end Davey's Chemist are establishing a streamlined, managed process using technology to enable faster, safer more efficient process for ongoing repeat medication dispensing and delivery.

**Requirement-** We need Technology- Machines and support; able to read, label and dispense safely within the NHS community pharmacy environment.

We require an integrated, manageable, workable robotic solution which smartly integrates with our established safe technology and processes for the dispensing of original pack dispensing.

We also require a machine that can safely dispense a dosage tray for people with limited capabilities and nursing homes. This must be easy to use, safe, sealed dosage tray and chart.

#### **Deliverable Timescale**

We expect the project to commence no later than January 2023, and to be completed by 1<sup>st</sup> May 2023

**Indicative Budget** – Circa £465,000

#### **Evaluation Criteria**

Quotations will be assessed and scored on the following criteria:

##### **Cost 45%**

Does supplier offer value for money.

##### **Deliverability Within Specified Timescales 25%**

Supplier must demonstrate they can deliver the requirement to timescales above

##### **Meeting Specification Details 10%**

Supplier must demonstrate all specifications met

##### **Supplier Suitability 20%**

Supplier must demonstrate they have the capability to deliver the requirement

### Scoring Methodology

4 Excellent	Proposal meets, and in some places exceeds the required standard
3 Good	Proposal meets required standard
2 Acceptable	Proposal meets the required standard in most respects, but is lacking or inconsistent in others
1 Poor	Proposal falls short of expected standard
0 Unacceptable	Completely or significantly fails to meet required standard or does not provide the relevant answer

### Deadline and Submission

Proposals for consideration are required by: **17:00** on **14<sup>th</sup> November 2022** either electronically or by post to:
