

JL Engineering & Fabrication Ltd

REQUEST FOR QUOTATION
Upgrading Plasma CNC Machine

Background

JL Engineering & Fabrication Ltd was founded in October 2018, ever since we started I have strived to grow the business taking on new challenges and finding new areas in the engineering market. When we bought our first plasma CNC we found that it not only saves us money in our own projects by not out sourcing profiling, but also we could provide it as a service going forward. I am now at the point where we are providing it as a service but the accuracy of our current machine does not meet allot of customers requirements.

Requirement

Our requirements for the machine we are looking to buy are as follows.

- Accurate and repeatability
- Good software easy to use and efficient.
- Reliable enough to use as a production machine, i.e. Running the machine for long amount of hours.
- Good delivery time scales
- Warranty and future support
- Training

Deliverable Timescale

We expect the project to commence no later than 24th of February 2023 and to be completed by 5th March 2023

Indicative Budget - £20,000 – £30,000

Evaluation Criteria

Quotations will be assessed and scored on the following criteria:

Cost 30%

Does supplier offer value for money.

Deliverability Within Specified Timescales 30%

Supplier must demonstrate they can deliver the requirement to timescales above

Meeting Specification Details 10%

Supplier must demonstrate all specifications met

Supplier Suitability 30%

Supplier must demonstrate they have the capability to deliver the requirement

Scoring Methodology

4 Excellent	Proposal meets, and in some places exceeds the required standard
3 Good	Proposal meets required standard
2 Acceptable	Proposal meets the required standard in most respects, but is lacking or inconsistent in others
1 Poor	Proposal falls short of expected standard
0 Unacceptable	Completely or significantly fails to meet required standard or does not provide the relevant answer

Deadline and Submission

Proposals for consideration are required by: (12:00am) **on (8st February)** either electronically or by post to:

Person dealing with quotations – James Lyons

Date Published 25/01/2023

1) This project is part of the Liverpool City Region High Growth Programme, and is part funded by the European Regional Development Fund. Under current Public Procurement Regulations there is no formal tender procedure, but a detailed written quotation is required

2) Conditions of Quote

Please be aware that due to the relatively low indicative budget for this work (i.e. less than the current OJEU limits) there is no regulatory obligation for us to provide feedback if you are unsuccessful.

We reserve the right to discontinue this quote process at any time and not award a contract.

You will not be entitled to claim from us any costs or expenses which you may incur in preparing and/or submitting your quote at any stage of this exercises. This applies, whether or not your organisation is successful.
