

## REQUEST FOR QUOTATION

### Reaction vessel

#### Background

Quantum Science Ltd is a ground-breaking British nanotechnology company. It focuses on innovating and developing advanced light-absorbing materials used for the machine vision and machine sensing markets. One of the company's key innovations is quantum dot (QD) sensing technology, where it has robust patent protection. QS is a world leading infrared QD ink developer.

#### Requirement

QS is purchasing specialist reaction vessels to expand its facilities at Daresbury.

The vessels must be jacketed with temperature controls and have an overhead stirrer. Further details/specifications are available on request.

#### Deliverable Timescale

We expect the project to commence no later than 1<sup>st</sup> January 2023 and to be completed by 31<sup>st</sup> May 2023.

#### Indicative Budget

Tight cost control is essential for the project and costs are expected to be between £80,000 and £120,000 depending on the absolute specification and speed of delivery.

#### Evaluation Criteria

Quotations will be assessed and scored on the following criteria:

##### **Cost 30%**

Does supplier offer value for money.

##### **Deliverability Within Specified Timescales 30%**

Supplier must demonstrate they can deliver the requirement to timescales above

##### **Meeting Specification Details 10%**

Supplier must demonstrate all specifications met

##### **Supplier Suitability 30%**

Supplier must demonstrate they have the capability to deliver the requirement

**Scoring Methodology**

4 Excellent	Proposal meets, and in some places exceeds the required standard
3 Good	Proposal meets required standard
2 Acceptable	Proposal meets the required standard in most respects, but is lacking or inconsistent in others
1 Poor	Proposal falls short of expected standard
0 Unacceptable	Completely or significantly fails to meet required standard or does not provide the relevant answer

**Deadline and Submission**

Proposals for consideration are required by: Noon on 31<sup>st</sup> January 2023 either electronically or by post to:

- 1) This project is part of the Liverpool City Region High Growth Programme, and is part funded by the European Regional Development Fund. Under current Public Procurement Regulations there is no formal tender procedure, but a detailed written quotation is required**

**2) Conditions of Quote**

Please be aware that due to the relatively low indicative budget for this work (i.e. less than the current OJEU limits) there is no regulatory obligation for us to provide feedback if you are unsuccessful.

We reserve the right to discontinue this quote process at any time and not award a contract.

You will not be entitled to claim from us any costs or expenses which you may incur in preparing and/or submitting your quote at any stage of this exercises. This applies, whether or not your organisation is successful.
